

# If It Ain't Broke

MacKenzie Porter

I know, baby  
This ain't perfect  
We keep going  
It keeps working

We keep dancing  
We keep stumbling  
How that engine  
Keeps on rumbling

You're my wine  
I'm your bourbon  
Light the candle  
Close the curtains

I don't want  
Some shiny red hood  
Just me and you

If it ain't bad  
If it ain't broke  
Got a few dents  
And blow a little smoke

Boy, I don't trust it  
If it ain't rusty  
From getting all down the road

If it runs high  
Needs a little low  
Baby that's you, that's me, that's us

Wouldn't have this  
Making up kiss  
No, there wouldn't be nothing to fix  
If it ain't broke

No, no  
If it ain't broke

No, no

I was dazed  
Without potential  
Honoring prayers  
And many fancies

There ain't nothing  
Half-worth having  
If you don't work  
To keep from unraveling

Let me mix us up a slow one  
Once I get you sit the long one  
We can laugh about the clay-g  
That's all I've got in me

If it ain't bad  
If it ain't broke  
Got a few dents  
And blow a little smoke

Boy, I don't trust it  
If it ain't rusty  
From getting all down the road

If it runs high  
Needs a little low  
Baby, that's you, that's me, that's us

Wouldn't have this  
Making up kiss

No, there wouldn't be nothing to fix  
If it ain't broke

No, no  
If it ain't broke

No, no

If it ain't broke  
If it ain't broke

If it ain't bad  
If it ain't broke  
Got a few dents  
And blow a little smoke

Boy, I don't trust it  
If it ain't rusty  
From getting all down the road

If it runs high  
Needs a little low  
Baby, that's you, that's me, that's us

Wouldn't have this  
Making up kiss  
No, there wouldn't be nothing to fix  
If it ain't broke

No, no  
If it ain't broke

No

If it ain't broke  
If it ain't broke  
If it ain't broke

If it ain't broke
