

# Pickup

MacKenzie Porter

Saw a '95 F150 at a stoplight  
Looked a lot like yours  
But it didn't have that learn-to-drive stick shift dent  
That I put in the door  
Or that Sunshine State sticker on the gate  
We got in a spring break town  
Damn it's been a minute since I've been in it  
Now I'm thinkin' 'bout

Whose hand's out the window when the window's down?  
Ain't me, ain't me no more  
Who's turnin' up the radio way too loud?  
I did when I was yours  
Whose beer bottle buzzin' on that backseat  
Got you parking lot parking like you're seventeen  
Whose new perfume is fading mine out?  
Who's that pickup picking up now?

Who's that pickup picking up now? Yeah  
Who's that pickup (who's that pickup picking up now?)  
Who's that pickup picking up now? Yeah  
Who's that pickup picking up now?

Do you keep a hoodie in the backseat like you did for me  
In case she gets cold?  
Is my cherry lip gloss still there in your glove box?  
Wonder if she knows  
That I was her last summer  
Laid back in your shotgun seat  
Ain't gonna lie, yeah sometimes I still wish it was me

Whose hand's out the window when the window's down?  
Ain't me, ain't me no more  
Who's turnin' up the radio way too loud?  
I did when I was yours  
Whose beer bottle buzzin' on that backseat  
Got you parking lot parking like you're seventeen  
Whose new perfume is fading mine out?  
Who's that pickup picking up now?

Who's that pickup picking up now? Yeah  
Who's that pickup (who's that pickup picking up now?)  
Who's that pickup picking up now? Yeah  
Who's that pickup picking up now?

Who's picking up the phone on a Friday night  
When you call saying, "Babe, be ready in five"  
When you pull in the drive who's climbing inside  
Making memories with you that could've been mine

Whose hand's out the window when the window's down?  
Who's turning up the radio way too loud? Oh  
Whose beer bottle buzzin' on that backseat  
Got you parking lot parking like you're seventeen  
Whose new perfume is fading mine out?  
Who's that pickup picking up now?

Who's that pickup picking up now? Yeah  
Who's that pickup (who's that pickup picking up now?)  
Who's that pickup picking up now? Yeah  
Who's that pickup picking up now? (Who's that pickup picking up now?)  
Who's that pickup picking up now? Yeah  
Who's that pickup (who's that pickup picking up now?)  
Who's that pickup picking up now? Yeah  
Who's that pickup picking up now?
