

## bad 4 u

Mackenzie Ziegler

I'm on a mission  
I'm gonna make an impulse decision  
You made me listen  
And said I don't know what I'm missing

See it in your face  
Said don't let this go to waste  
Make a bad decision  
Say I don't know what I'm missing

It's not that deep  
Know you're bad for me  
But I'm curious  
Secretly I want to feel something new  
It's a dumb thing to do  
But all the best things are bad for you  
Nothing to lose  
It's a dumb thing to do  
But all the best things are bad for you

Big deal, but it's nothing  
I just wanna feel adrenaline rushing  
I just wanna feel something  
Something just for fun

Know you love the chase  
Catch me, I'm not gonna stay  
Don't know if I should  
But safe doesn't feel as good

It's not that deep  
Know you're bad for me  
But I'm curious  
Secretly I want to feel something new  
It's a dumb thing to do  
But all the best things are bad for you  
Nothing to lose  
It's a dumb thing to do  
But all the best things are bad for you

Feel something good  
I don't know if I should  
But I know that you would  
Nothing to lose  
It's a dumb thing to do  
But all the best things are bad for you

It's a dumb thing to do  
But all the best things are bad for you  
It's a dumb thing to do  
But all the best things are bad for you
