

Donuts

Mackenzie Ziegler

Find me on Tuesday night
For take off
I don't wanna waste no time
What you want?
Doing circles going 70

Don't wanna be a fine line
That you zig zag
Givin you a new baseline
To tip tap
You're still playing are you kidding me?

What you gotta say
You ain't gotta phrase
No
(Just say you want it!)
Thought you need space
Now you at my place
Hell no
(Ok be honest)
Why you playing safe
Run another base or go home
(Just say you want it)

Where you goin?
Come on
I'm on sunset

You're doing donuts
Right up my street
Yo what's the hold up
Pull up on me

Going round, and round
Going right around me

Going round, and round
Going right around me

You're doing donuts
So supa sweet
Sprinkle dat focus
What does that mean?

Going round, and round
Going right around me

Going round, and round
Going right around me

Think it's time to wrecking ball
The chit chat
See where all the feelings fall
You catch that
Throw your body where its supposed to be

(Next to me)

What you gotta say
You ain't gotta phrase
No
(Just say you want it!)
Thought you need space
Now you at my place
Hell no
(Ok be honest)
Why you playing safe
Run another base or go home

Where you goin?
Come on
I'm on sunset

You're doing donuts
Right up my street
Yo what's the hold up
Pull up on me

Going round, and round
Going right around me

Going round, and round
Going right around me

You're doing donuts
So supa sweet
Sprinkle dat focus
What does that mean?

Going round, and round
Going right around me

Going round, and round
Going right around me

You're doing donuts
Right up my street
Yo what's the hold up
Pull up on me

Going round, and round
Going right around me

Going round, and round
Going right around me

You're doing donuts
So supa sweet
Sprinkle dat focus
What does that mean?

Going round, and round
Going right around me

Going round, and round
Going right around me
