

Emoceans

Mackenzie Ziegler

Layin' in my bed, my head aches
Thinkin' too much what people gon' say
They all got a price, a price I gotta pay
They all got a game, but I don't wanna play

When I got all these emoceans, rollin' like oceans, tryin' to bring me down
When it gets crazy, I know that maybe I get a little freaked out, yeah
Don't care what they say, cause it's only noise
Yeah, I know I got a choice
When I got all these emoceans, rollin' like oceans, tryin' to bring me down

But I won't drown
But I won't drown
Oh, oh, oh, emoceans
Oh, oh, oh

Reassurance, I could use a little
When I'm on my own, don't meet me in the middle
But it's in my hands, I gotta stay swimmin'
Keep my head up like I'm still winnin'

When I got all these emoceans, rollin' like oceans, tryin' to bring me down
When it gets crazy, I know that maybe I get a little freaked out, yeah
Don't care what they say, cause it's only noise
Yeah, I know I got a choice
When I got all these emoceans, rollin' like oceans, tryin' to bring me down

But I won't drown
But I won't drown
Oh, oh, oh, emoceans
Oh, oh, oh, but I won't drown

Yeah, I cry sometimes
Lose my mind sometimes
I've been lost and found
But I won't drown
Walkin' on the sea
Found the fight in me
Tryin' to bring me down
But I won't drown, no I won't drown, yeah
(All these emoceans, rollin' like oceans, tryin' to bring me down)

But I won't drown, no
But I won't drown
Oh, oh, oh, emoceans
