

midnight murderer

Mackenzie Ziegler

I want my legs
To collapse at

Three in the morning
My friends are calling
And when the sky's blue
I want my hair to
Be running wild

Like I'm a child

Ooh
Run on adrenaline
Ooh
And I'm a fan of it

We're like midnight murderers killing time
While streets are blending together
Don't need sleep and don't need an alibi
I could stay dancing forever

We're like midnight murderers killing time
While streets are blending together
Don't need sleep and don't need an alibi
I could stay dancing forever

I want my make up
To be running
Down my face when
I'm in the taxi home
Ears ringing
My mind's spinning
Will this high have a low?

Ooh
Run on adrenaline
Ooh
I get a rush to my head
And I'm a fan of it

We're like midnight murderers killing time
While streets are blending together
Don't need sleep and don't need an alibi
I could stay dancing forever

Dancing forever
When the sun's up we'll hide
Dancing forever
When the sun's up we'll hide
We're like midnight murderers killing time
I could stay dancing forever
