

Kathy Bates Motel

Macseal

What's there left to do
When you're left to chew on your own?
What's there left to do
When you're left to chew on your own?

Slow down
What's there left to prove?
When you never win, what's there to lose?
Slow down
We can waste our time together
We can watch Wayne's World together
On our own

You sure know a whole lot about nothing
You could teach me a whole lot about nothing
My heart is racing, it seems to be
The ordinary thing for me nowadays

Slow down
What's there left to prove?
When you never win, what's there to lose?
Slow down
We can waste our time together
We can watch Wayne's World forever
