

Alien

Macy Gray

What doesn't kill you makes you start drinking
I'm underwater and over-thinking
I been googling that recipe for love
I want to taste it - I'm tired of fucking up

Alien what's it like in outer space?
Alien is it a better place?
When you stand on your planet looking out
Do you see a heaven, alien?

It's like the world is plastic
My mind is going intergalactic
I'm tired of getting my ass kicked
So I'm gonna take off on my rocket
Out of my way - out of my way
You wanna ride? - ain't no more space
I'm leaving all the baggage -
I'm leaving all the baggage -
I'm leaving all my baggage

Alien what's it like in outer space?
Alien is it a better place?
When you stand on your planet looking out
Do you see a heaven, alien?

Where you come from are you free to run?
Are you really happy? Can you tell me
See we get wasted just to try to numb the pain
There's so much hatred and cash rules everything

Alien what's it like in outer space?
Alien is it a better place?
When you stand on your planet looking out
Do you see a heaven, alien?

Alien what's it like in outer space?
Alien is it a better place?
When you stand on your planet looking out
Do you see a heaven, alien?

Do you see a heaven, alien?
