

# Every Night

Macy Gray

Yeah, I'm feelin' good, I'm feelin' right  
Woke up this mornin', another day of life  
Only through the darkness, you can see the light  
Made it through the darkness, we gon be alright  
Yeah, we're livin' life, though it feels further than it seems  
"Good" God, bring me closer to my dreams  
Closer to my dreams  
Far away from rain, far away from hurt  
I can feel a mother's pain

(Higher) we gonna get  
(Higher) all the way up  
(Higher) up to the sky  
(Higher) down in my soul  
(Higher) round the world  
(Higher) in my head  
(Higher) higher  
(Higher) here we go

Mmm come closer now see, this is private  
I wanna talk about the times  
I wanna talk about the climate  
I wanna reminisce on, yeah, where I'm comin' from  
I wanna feel you baby  
I wanna sing my song

(Higher) we gonna get  
(Higher) all the way up  
(Higher) up to the sky  
(Higher) down in my soul  
(Higher) round the world  
(Higher) in my head  
(Higher) higher  
(Higher) here we go

Here we go, I gotta no "quit" attitude  
Good "gratitude"  
Goin' high like we hangin' on a parachute  
Can't stop can't "bend cant break me"  
I have an announcement to make  
You can feel it in my vibe  
Feel it from the look in my eyes  
Sun shine many blessings in the sky  
I'm going higher, radiate higher  
I think I'm goin' higher, "radiating" higher (ask me what I do all day)  
Ask me what I do all day (it's what I do all day)  
I get up about 8  
After that I celebrate (after that I celebrate)  
Ahhh baby, "lay lay" with my baby  
And I every night I pray

(Higher) we gonna get  
(Higher)  
(Higher) up to the sky  
(Higher) down in my soul (can't stop can't bet it can't break it)  
(Higher) round the world now  
(Higher) here we go

(Higher) here we go (think I'm going higher, radiate higher)  
(Higher) here we go  
(Higher)  
Ask me what I do all day (woah, woah, woah, woah, woah)  
(Higher)  
I get up about 8 (gittin' high like we hangin' on a parachute)  
(Higher)  
After that I celebrate  
(Higher)  
Hangin' with my baby  
(You gon be alright, you'll be livin' life, you gon be alright)  
(Higher)  
And I every night I pray
