

# Get Out

Macy Gray

Ah, go Macy  
You tell me so much that I know it by heart  
How you taught me everything and took me to the top  
I'm higher than the mountains over the clouds  
I see the aliens nodding to the dope, dope sounds from the radios in the jets flying around  
I'm like the sky baby, I'm never coming down  
You drive me crazy, get off my cloud  
But you don't wanna leave  
Let me go get my boys  
Get out, get out, she don't love you (Macy don't love you) (Macy don't love you)  
Get out, get out, she don't love you (Macy don't love you, boy)  
Get out, get out, she don't love you no more  
(I don't love you) She don't love you no more  
(No, I don't love you no more) She don't love you no more  
She don't...  
Birds fly by with the booming system  
Gotta holler, gotta scream, just to get your attention  
It's everything you want, it's what you've been wishing  
The beat of the century, made by Justin  
From outer space to that deep blue sea  
We're gonna pop it (Justin (Justin)), gonna shake it, gonna set you free now  
You're telling everybody you did this beat (And?)  
And you don't wanna leave  
Hey let me tell you something  
Sometimes in love we just have to say goodbye (Goodbye (Yeah))  
It just ain't meant to be, no need to try (No, no, no, no, no, no, no, no)  
Get out, get out, she don't love you (Macy don't love you) (Macy don't love you)  
Get out, get out, she don't love you (Macy don't love you boy) (She don't love you boy)  
Get out, get out, she don't love you no more  
She don't love you no more (I don't love you no more)  
(No I don't love you... more) She don't love you no more  
(No) She don't...  
Get out, get out, she don't love you (Macy don't love you) (Macy don't love you)  
Get out, get out, she don't love you (Macy don't love you, boy) (She don't love you boy)  
Get out, get out, she don't love you no more  
(Yeah, say, I don't love you no more) She don't love you no more  
She don't love you no more (I don't love you no more)  
Hear me  
  
This beat is funky
