

I AM

Macy Gray

Big Freedia, queen diva, I'ma be who I be
Everybody 'round the world wanna do it like me
Just release your wiggle, gotta do a lil' giggle
Let your thing be your thing and just work the middle
Up high in the sky 'cause I got it like that
All you gotta do is dream, it's a matter of fact
Gotta shake, gotta bounce, yeah, we do it like that
Gotta live in your truth, ain't no turning back, yo

I am who I am
Fuck you
I don't give a damn so
Fuck you too
Telling everybody
Yes, bitch
Telling everybody
Yes, bitch
I am who I am so
Fuck you too

Baby, baby, baby, baby, I am a mountain
I can't apologize for what you don't understand
See, I'm a unicorn
I'm far out, baby, I am, I am

I am who I am
Fuck you
I don't give a damn so
Fuck you too
Telling everybody
Yes, bitch
Telling everybody
Yes, bitch
I am who I am so
Fuck you too

Everybody to the left
Everybody to the right
Everybody step side to side now
Throw your hands up high
Shake your body, do the roochi-roo, yeah
Do the roochi-roo
All you haters want to criticize my dancing
Fuck you too

Imagine a world where you can be
Be who you are and let me be me
Imagine a world where you can be
Be who you are and let me be

I am who I am
Fuck you
I don't give a damn so
Fuck you too
Telling everybody
Yes, bitch
Telling everybody

Yes, bitch
I am who I am so
Fuck you too

I am who I am
Fuck you
I don't give a damn so
Fuck you too
Telling everybody
Yes, bitch
Telling everybody
Yes, bitch
I am who I am so
Fuck you too
