

# I've Been A Good Girl

Macy Gray

Loved you in my way  
Ever since I met you back in May  
Now it is December  
You're wondering what gifts to give me  
Christmas is the perfect time for you to say you'll be all mine

'Cause I've been a good girl baby  
Santa promised me whatever I want  
And you are what I want for Christmas  
I'm gonna wrap you up, and keep your kiss  
It's at the top of my Christmas list  
I've been a good girl  
I've been a good girl

Coming home, smelling like her, you think you're so rock and roll  
You said that you're not ready to commit  
And that was alright 'til your loving hit me  
Christmas is the perfect time for you to say you'll be all mine

I've been a good girl baby  
(Santa promised me whatever I want) I've been a good girl baby  
(And you are what I want for Christmas) and you are what I want  
(Ooh-ooh, I'm gonna wrap you up, and keep your kiss) your kiss  
It's at the top of my Christmas list  
'Cause I've been a good girl, baby  
Yeah, I've been a good girl

In your winter wonderland  
It's 100 degrees  
I'm naked and you're sweating me  
It was the night before I was found  
And now my love weighs a ton  
The new year comes, and I am your only one

Merry Christmas, baby  
Hmm, hmm, hmm

I've been a good girl baby  
(Santa promised me whatever I want) ah, ah, ah  
(And you are what I want for Christmas) Santa bring me my baby  
(I'm gonna wrap you up, and keep your kiss) your kiss  
It's at the top of my Christmas list  
(And I've been a good girl) been a good girl  
I've been a good girl, ooh

I've been a good girl baby  
A good girl baby (Santa promised me whatever I want) whatever I want  
And you are what I want for Christmas, ooh  
(I'm gonna wrap you up, and keep your kiss) your kiss  
(It's at the top of my Christmas list) it's at the top of my Christmas list  
I've been a good girl  
I've been a good girl (been a good girl)
