

# Life

Macy Gray

When they come like left for dead  
I've been outta my head  
And now I wanna be bigger  
Bein' here with you

It's not so hard to be  
I can see my dream  
I know I'm gonna be better  
My friends always say

My friends always say that everything will be ok  
But it don't always work out that way  
So here I am again, believing in  
'Cause I remember when, baby

I had the time of my life  
Everything is right with you  
After all that I've been through, yeah  
I ain't tryin' to lose  
This times of my life with you, baby

People say I'm outta line  
So much on my mind  
Like I wanna be bigger  
Sometimes it don't rhyme

But when you're here with me (here with me)  
I have poetry (poetry)  
I know I'm gonna be better  
And my friends always say

My friends always that every thing will be ok  
But it don't always work out that way  
So here I am again, believing in  
'Cause I remember when, baby

I had the time of my life  
Everything is right with you  
After all that I've been through, yeah  
I ain't tryin' to lose  
This times of my life with you baby

One day they will see  
It'll shine on at me (The giant baby?)  
Finally see me smile  
Hear me laughing out loud  
My voice will be heard  
It's no longer absurd  
And I hope you hear  
'cause Baby baby  
I haaaaaaaaaadd...!

I had the time of my life  
Everyting is right with you  
After all that I've been through (yeah)  
I ain't tryin' to lose  
Gotta make my move and groove

Everything I can

I had the time of my life  
Time of my life With You  
Baby take my hand  
Because I'm going to go on to  
This time of my life with you  
Baby  
I had the time of my life  
Time of my life with you  
Baby  
I had the time of my life
