You make me feel like
You make me, make me feel like
You make me feel like
I'm number one
You make me feel like
You make me feel like
I'm number one
You make me, make me feel like
You make me, make me feel like
You make me, make me feel like

Like in outer space
Like your apple pie
Like your favourite place
There's a god above
Now I know it's true
Hold them in your arms
And I love you

You make me feel like
I'm number one
You make me feel like
You make me feel like
I'm number one
You make me, make me feel like

You make me feel like
I'm number one
You make me feel like
You make me feel like
I'm number one
You make me, make me feel like

Like a million miles
Like in outer space
Like your apple pie
Like your favourite place
There's a god above
Now I know it's true
Hold them in your arms
And I love you

You make me feel like I'm number one
You make me feel like
You make me feel like
I'm number one
You make me feel like

You make me feel like
I'm number one
You make me feel like
You make me feel like
I'm number one
You make me, make me feel like
