

Your Love Keeps Me

Macy Gray

Your love keeps me all night
Your love keeps me all night
Your love keeps me all night
All right

I have never been kissed like this before
And I like the finer things
But between you and them, I like you more

Your sex is on fire
And the water hose is broken
So I'm on fire
I burn for you
Now know that you've loved me low
I'm thinking maybe I should go
But your love keeps me all night
Your love keeps me all night
Your love keeps me all night
All right
All right
Your love keeps me all night
Your love keeps me all night
Your love keeps me all night
All right

I ain't never missed nobody like this before
I tried to leave you
But I just can't get beyond the door

Your sex is on fire
And the water hose is broken
So I'm on fire
I burn for you
Now that you've loved me low
I'm thinking maybe I should go
But your love keeps me
Your love keeps me all night
Your love keeps me all night
Your love keeps me all night
All right
