

Alien 8

Mad Caddies

Would it make you feel much better
If it were you against the world
If you were an alien
And if it were conspiracy

And would it hurt to live in comfort
If you found someone to trust
If you knew that you were with us
If we shared a common goal

But you will isolate
Alienate
No one can appreciate the poor miss understood
Can you see that I don't care anymore

Do you ever stop to listen
Are you a martyr for your pride
Does it make you feel much better
When you are an alien?

And would it hurt to live in comfort
If you found someone to trust
If you knew that you were with us
If we shared a common goal

But you will isolate
Alienate
No one can appreciate the poor miss understood
Can you see that I don't care anymore
Can you see that I don't care anymore
Can you see that I don't care
I don't care
I don't care anymore
