

Darkness

Mad Caddies

I have so much gratitude for you
Thank you for all the beautiful things you've taught me

The cold comes in, you can not win
Paralyzed by what's clear
You're out there alone
The road's been your home
And the only thing you fear
Yeah, you're trying to find a way back here

The fire grows dark in a woman's heart
You've done all that you can to change
Only time will tell if it's all a spell
Or if darkness is just here to stay
Or if darkness is just here to stay

The crows have now gone
It's time to move on
But they're talking back in my dreams
Settle the score
You know I'm down for one more
Cause this life is not what it seems
Yeah, cause this life is not what it seems

The fire grows dark in a woman's heart
You've done all that you can to change
Only time will tell if it's all a spell
Or if darkness is just here to stay
Or if darkness is just here to stay

The fire grows dark in a woman's heart
You've done all that you can to change
Only time will tell if it's all a spell
Or if darkness is just here to stay
Or if darkness is just here to stay
