

Palm Trees and Pines

Mad Caddies

Palm trees and good times
Bright days and sunshine
Up in the tall pines
Oh girl, you're all mine

Babe, I'm just letting you know
Everyday I keep telling you so

Down by the lake shore
Oh girl, I want more
I can't get enough
Enough of your stuff

So babe, I'm just letting you know
You light the fire up deep down in my soul

I say yes, you say no
You take my hand and you let it go
You're picking me up and putting me down
You're running my heart all over this town
I say yes, you say no
So girl, I'm begging just to let me know

Down by the lake shore
You know I want more

Up on the high peaks
Hot rocks and cold creeks
Fresh water flowing
We're swimming hole-in

So babe, I'm just letting you know
Everyday I keep telling you so

Long hikes and hot springs
My hands on your things
Under the starlight
We're going all night

Babe I'm just letting you know
I'm burning hot and I'm ready to go

I say yes, you say no
You take my hand and you let it go
You're picking me up and putting me down
You're running my heart all over this town
I say yes, you say no
So girl, I'm begging just to let me know

Down by the lake shore
You know I want more, yeah

I say yes, you say no
You take my hand and you let it go
You're picking me up and putting me down
You're running my heart all over this town
I say yes, you say no

So girl, I'm begging just to let me know

Down by the lake shore
You know I want more
Down by the lake shore
You know I want more
