

And it's all
I've ever wanted to believe
That peace could grow inside of you

In spite of me humanity
I hope your out there somewhere...
I hope your out there somewhere...

All alone I hear the whole world calling...
Save us from ourselves!
Save us from ourselves!

I look thru the eyes of humanity
I looked at myself
So many things I hate in me...
So many things are so hard to believe
I can hear the whole world calling
I can hear the whole world calling me

All alone I hear the angels scream
My name...
(My name...)

All alone I hear the whole world calling...
Save us from ourselves!
Save us from ourselves!

All alone I hear the angels scream
My name...

Used to be all that I wanted you to see
All that I needed you to be...
To be does anyone care?

Does anyone care?
Care about your fellow man?
Does anyone care
Does anyone care
About your fellow man?
Can you understand?

Can you understand about your fellow man?
Are you pure enough to hear me out yet?
Are you sure enough
That your pure enough to comprehend?
Just live forgive and forget
Live and forget!

All alone I hear the whole world calling...
Save us from ourselves!
Save us from ourselves!

All alone I hear the angels scream
My name!
All alone I hear the whole world calling...
Save us from ourselves!
Save us from ourselves!
