

# lost

Mad Tsai

Mmm, ohhh

I could go to all the parties  
But I'd still feel alone  
I could dance out these feelings  
But I sit by my phone  
It'll never make me happy  
It'll never make me whole  
These nights are so lonely  
These days are so cold

And I know it's wrong, wrong, wrong  
To feel I don't belong, long, long  
But I never know why, why, why  
I feel this way

And you always push down, down, down  
All these awful sounds, sounds, sounds  
But I never know why, why, why  
You'd treat me this way

Ohh, where do I go?  
Which road do I take?  
Oh, how do I know?  
And love is a losing game  
That I'll never win  
I'll never breathe  
Oh I'll never live

I'm lost, I'm lost, I'm lost  
I'm lost, I'm lost, I'm lost  
I'm lost, I'm lost, I'm lost  
I'm lost, I'm lost, I'm lost

I could stare at the clouds and  
Let my mind fly away  
But I'm stuck on the ground where  
I feel lost all day  
I could dream of a place where  
All my thoughts are real  
But I'd still wake up and  
Find no appeal

And I know it's wrong, wrong, wrong  
To feel I don't belong, long, long  
But I never know why, why, why  
I feel this way

You always push me down, down, down  
All these awful sounds, sounds, sounds  
But I never know why, why, why  
You'd treat me this way

Ohhh, where do I go?  
Which road do I take?  
Oh, how do I know?  
And love is a losing game

That I'll never win  
I'll never breathe  
Oh I'll never live

Oh, where do I go?  
Which road do I take?  
How do I know?  
And love is a losing game  
That I'll never win  
I'll never breathe  
Oh I'll never live

I'm lost, I'm lost, I'm lost  
I'm lost, I'm lost, I'm lost  
I'm lost, I'm lost, I'm lost  
I'm lost, I'm lost, I'm lost  
I'm lost, I'm lost, I'm lost  
I'm lost, I'm lost, I'm lost  
I'm lost, I'm lost, I'm lost  
I'm lost, I'm lost, I'm lost
