

# You Can't Forget

Madcap

It started many years ago.  
Many have come and gone.  
No expectations, nothing to lose.  
Put out a few thoughts.  
Shook up some lives.  
Not like a role model, more like a friend.

When you were down,  
you can't forget who pulled you up.  
You can't forget who got you through.  
You can't forget.

I don't know why, I don't know why  
some people have a very hard time.  
Can't recognize, can't recognize  
Who gave them a helping hand..

We're all the same!

Not like a role model, more like a friend.  
You get me through.  
Not like a role model, more like a friend.

When you were down,  
you can't forget who pulled you up.  
You can't forget who got you through.  
You can't forget.
