I didn't care about bitches, I fucked em a couple of times there's more fish
in the sea
My friends they would go out on missions to kill other gangs, that is just p
art of life that I lived
But I was rapper in fact in my country to tell you the truth I was big as ge

I had it all world by a string
Was I a king? You figured it
But I was so high I was burning holes in my Gucci shirts from my cigarettes
I was talking slow then is nod out
So thank God that I got out
Didn't just lose all my money
I lost respect and I lost clout
They praise you when the wear the crown
Then love to kick you when you
Are down
Cause most people they are not your friends
Cause it all depends what they can get
It all depends on what they can get
It all depends on what they can get
So get rid of all that bad energy
Keep your circle that's the safest bet

Bruh I was a male slut
I was a man hoar
I was a gangster
Filled up with anger
Got rid of evil
Now I have evolved
I was a problem
Now I don't need problems, I just want em resolved

There was four of us on a tour bus with 50 girls was a filthy pig
I did it all I did it all and no I don't feel guilty bitch
A drunk girl tried to tell me I got her friend pregnant, that was bad taste
So I threw a glass of vodka and cranberry juice in her face

A lot of scary people that would back my name
No more acting insane, but I'm back in the game
And my haters are how's he cracking again
I'm not old and decrepit I'm bold, and I'm reckless
The craziest story I'm holding the record
I'm been to the top and the bottom so often, I did so much dope I should be
in a coffin

Can't hold hands and walk down the street with a girl that's signed up with
only fans
Call me crazy, I don't want a bunch creeps looking at my girls

Fucked porn stars dated strippers bit now I find the whole thing suss
Here's something you don't know
When I was 20 I was pimping
Had 3 hoes, but I'm not proud cause now I just see things different
I'm not knocking anyone's hustle, and it really doesn't mean shit to me
But a bitch that takes 20 different dicks every day is just not my cup of tea
