

One more time, Jimmy

Look, I realize that this is sexual awareness month
But hold onto your chair 'cause I'm about to come be very blunt
Things are changing quickly, saying OnlyFans is normalized
But let me make a song to show this isn't normal, guys
Men have to watch what we say, there are so many restrictions
Women are winning and men are becoming the victim, not a prediction
It's a predicament, this is ridiculous, used to be studs, used to pimps
Now they are laughing at you and you're tipping 'em, men you're tripping, they're calling you simps
Listening to Cardi B and think about their selfish dreams
Go online and pray on lonely men that have low self-esteem
Acting like it's hard work with tits like they deserve it
Telling you you're cool when they think you're a weirdo and a pervert
And now some women make real money but eighty percent make a hundred a month
That's a real fact, that's a real stat, I googled it, like what the fuck?
Talk about a let-down, doesn't sound too fun though
These hoes threw their respect right out the window for a hundo

Rape culture, sexual assault is something real, though
Maybe turn your camera off and put away your dildo
Fighting for your right to vote, that was feminism
Equal rights? I don't think that OnlyFans is quite the vision
Ay, but it's a new world, yeah, it's a new world
Where women become men and men are becoming girls
Ay, but it's a new world, yeah, it's a new world
Where women become men and men are becoming girls

That's something that you can't take back, following you for the rest of your life
Pictures pop up on the internet later, it might be a problem when you are a wife
And you got some kids and the children are laughing at them with their phones in the schoolyard
You say it's work but spreading your legs open don't seem too hard
A shoutout to women Tootie Kash showing the cookie for stupid cash
House money, Ferrari money, not saving up for a Gucci bag
And Jem Wolfie and Bella Thorne, eleven million dollars a month?
With that kind of money, I'd pull out my dick, start blowing it up, that's brilliant as fuck

Ay, but it's a new world, yeah, it's a new world
Where women become men and men are becoming girls

Look, I don't care what people do, it's really not that crazy
I'd make a million in a day too if I was Bhad Bhabie
She's legal now, I'ma leave my house and hop into my ride
Find out where she lives and pull up yelling "catch me outside"
