Do What You Do

Madcon

Hey, hey
Say it with your actions
Sayin' them words to me
Doesn't mean anything

Hey, hey
I don't wanna hear em
Baby you can keep those three
Might as well not even speak

Many different times before
You were almost out the door
Then you'd say it and I'd forgive everything

Well I'm sorry to report
That's not workin' anymore
Now I gotta see if that's really what you mean

No more
I'm sorry's
No more
I love you
Baby
I need proof
Baby boy
Its all in what you

No more
I love you's
Baby
If that's true
Baby boy
Its all in what you do

Say it with your actions
Say it in the way you touch
Things that you do for us

Hey hey
Said I don't wanna be mean
But when it comes to this love
Sayin' it just ain't enough

Many different times before
You were almost out the door

Then you'd say it and I'd forgive everything

Well I'm sorry to report
That ain't gon work, not anymore
Now I gotta see if that's really what you mean

No more
I'm sorry's
No more
I love you
Baby

I need proof
Baby boy
Its all in what you

No more
I love you's
Baby
If that's true
Baby boy
Its all in what you do

It's in what you
It's, its in what you do
It's, its in what you do
It's, its in what you do

No more
I'm sorry's
No more
I love you
Baby
I need proof
Baby boy
Its all in what you

No more
I love you's
Baby
If that's true
Baby boy
Its all in what you do
