

# Life's Too Short

Madcon

I remember how it all began  
I used to sing dirty raps to my east side fans  
Back then I knew ya could'nt stop this rap  
No m.c. could rock like that  
Then the new style came, the bass got deeper  
Ya gave up the mike and bought you a beeper  
Do ya wanna rap or sell coke?  
Brothers like you ain't never been broke  
People wanna say it's just my time  
Brothers like me had to work for mine  
Eight years on the mike and I'm not jokin  
Sir too short comin straight from oakland  
California, home of the rock  
Eight woofers in the trunk, beatin down the block  
Short dog, I'm that rappin man  
I said it before and I ll say it again

Life is too short  
Too short  
Life is too short

Life is to some people unbearable  
Committin suicide and that's terrible  
Was it much too much or nothing big?  
If ya live my life, you'd be fightin to live  
Life is to me my main asset  
I be doin all right and keep it just like that  
Chill out at the house and pump that bass  
I'm tryin to get rich as I rock the place  
Everybody's got that same old dream  
To have big money and fancy things  
Drive a brand new benz, keep your banck right here  
Never hear me stutter once because I talk real clear  
It's on you, homeboy, watcha gonna do?  
You can take my advice and start workin, fool  
Or you can close your ears and run your mouth  
And one day, homeboy, ya soon find out

Life is too short  
Too short  
Life is too short

Life is too short, would you agree?  
While I'm livin my life, don't mess with me  
It's been a long time, baby, since I first got down  
But I still keep makin these funky sounds  
Cause I don't stop rappin, that's my theme  
I make a lot of money, do you know what I mean?  
Like this, complicated ya must stay up  
Ya asked a simple question boy, don't say what?  
Ya only live once and ya callin it hell  
Policeman tryin to take ya to jail  
You could give a man time but you don't know  
I a matter of time, I'll be runnin the show  
Now another young buck wants to be on top  
Makin big money, slangin hop  
The task force tryin ta peel your cap

Turn around, homeboy, ya better watch your back

Life is too short

Too short

Life is too short

You can take back all the things you give

But ya can't take back the days you live

Life is to some people who've been on earth

Livin every single day for what it's worth

I live my life just how I please

Satisfy one person I know, that's me

Work hard for the things I achieve in life

And never rap fake when I'm on the mike

Cause if a dream is all you got, homeboy

Ya gotta turn that dream into the real mccooy

Not time to waste, just get on that case

Ya can't be down cause ya need to taste

A good life livin like a king on a throne

Gettin everything ya want and tryin to have all your own

So life

Don't be stupid though

Cause when ya waste it, you'll know

Life is

Life is

All right, that's it
