

# One Life

Madcon

(Lalalalalalala La...)  
It's Madcon, Kelly Rowland  
Living one life  
You're only getting one life, so live it up (One Life)  
All you get is one life, so live it up (One Life)

Don't let nobody tell you otherwise  
(Listen to your heart)  
And let your dreams fly  
(Never give it up, up, up)  
And even when you fuck it up and give another try  
(Never give it up, up, up)  
You gotta beat it  
(And when it rains it pours, just stay the course)  
Yeah, and even when you think nobody cares  
You gotta believe it gets better

When nothings gone right  
And the light just won't brighten up  
You got nothing left in your fight  
Don't you give it up, yeah

Nobody's gonna hold me down (me down)  
You gotta understand we only have one life (one life)  
We only have one life (one life)  
I keep my feet up on the ground, the ground  
I gotta realize we only have one life (one life)  
We only have one life (one life)  
We're gonna make it  
(We're gonna make it)  
Yes we've gotta make it work  
(Yes we've gotta make it work)  
We're gonna make it  
(We're gonna make it)  
Yes we've gotta make it work  
(Yes we've gotta make it work)

Ah yeah  
While looking at the old me  
And thinking back on stuff that all my teachers told me  
You know it put that fire in my eyes  
And though I'm blind to the future  
I'mma do it 'cause I owe me  
You know, this grind is my religion  
Got tired of modest living  
Survival was my upbringing  
And my sky it has no limit  
My time is all I'm giving

When nothings gone right  
And the light just won't brighten up  
You got nothing left in your fight  
Don't you give it up, yeah

Nobody's gonna hold me down (me down)  
You gotta understand we only have one life (one life)  
We only have one life (we only have one life) (one life)

I keep my feet up on the ground (the ground)  
I gotta realize we only have one life (we only have one life)  
We only have one life (we only have one life)  
We're gonna make it  
(We're gonna make it)  
Yes we've gotta make it work  
(Yes we've gotta make it work)  
We're gonna make it  
(We're gonna make it)  
Yes we've gotta make it work  
(Yes we've gotta make it work)
