

Like a Man Should

Maddi Jane

You move softly
I move slowly
Say you're all in
But I'm still falling

Baby, can you hide me underneath your arms?
Darling, can you show me somewhere safe and warm?
Like a man should
Like a man should

All I ever wanted was a firm foundation
Picking up the pieces of a fallen nation
Nothing stood
I did all I could

Boys will fight
A man can cry
Boys will take
A man will lay down his life

Boys react
Where men will trust
Boys can like
But a man can love

Yeah. You know how to love
Yeah. You know how to love
Yeah. You know how to love
Yeah. You know how to love

Vous êtes fort
Tu es une tour
Je t'aimerai toujours
I act a fool

Prier pour moi
Tenez-moi

A lot of men should
Not a lot of men would
The way that you're loving me nobody could
Loving me nobody could

Boys will fight
A man can cry
Boys will take
A man will lay down his life

Boys react
Where men can trust
Boys can like
But a man can love

'Cause you know how to love
'Cause you know how to love

Vous êtes fort

Tu es une tour
Je t'aimerai toujours
I act a fool

Vous êtes fort
Tu es une tour
Je t'aimerai toujours
I act a fool

'Cause you know how to love
