

# Lost Without You

Maddi Jane

If we ever got separated  
I would be the first to say that I  
Would be lost

Don't you ever think of leaving  
Since you came and started believing  
You helped me find my way  
Now I never feel alone anymore

And I can't eat  
Can't sleep  
Can't be without you  
Take me  
And help me  
Learn how to live around you  
Baby, I'm going crazy and I  
Just wanna be around you  
Lonely  
You are the only one who  
Loves me like you do

Mmmm...

I pray that you'll stay forever in my life  
Pray that you will never lose your side  
Side of the truth, yeah

Thanking for the time that we had  
And praise him, saying, "I'm so glad  
You put them in my life"

I can't eat  
Can't sleep  
Can't be without you  
Take me  
And help me  
Learn how to live around you  
Baby, I'm going crazy and I  
Just wanna be around you  
Lonely  
You are the only one who  
Loves me like you do  
Ooh...  
Loves me like you do

Now I'm found  
I'm here, I've stuck around  
I'm yours, forever yours  
I'm yours, forever yours

You have taken mess that I've given  
And broke me out of prison  
I'm yours, forever yours

Now I'm here  
I'm home, I've stuck around  
I'm yours, forever yours

I am yours, forever yours

You have taken  
The mess that I have given  
And broke me out of prison  
I'm home, forever home

And I can't eat  
Can't sleep  
Can't be without you  
Take me  
And make me  
Learn how to live around you  
Baby, I'm going crazy and I  
Just wanna be around you  
Lonely  
You are the only one who  
Loves me like you do  
Loves me like you do
