

# Girl After My Own Heart

Maddie & Tae

Girl, I ain't mad  
I see just what you're looking at  
He's easy on the eyes  
Gonna stop you right there in your whiskey tracks  
'Cause he's leaving here tonight  
With the one that he brought  
Only one that he wants  
So, go take a walk

There's more fish in the creek  
More bars on this street  
More blue eyes to meet  
So, go on, girl, go on  
You're wasting your time  
Wanting what's mine  
He's true as the blue in this neon tonight  
So, you ain't gonna get too far  
Being a girl after my own heart

Ain't trying to be rude, I'm just letting you know before  
Your one-more-round kicks in  
You were looking for love when you walked through that door  
But, baby, it ain't him  
Woman to woman  
Yeah, you're rockin' that dress  
But woman to woman  
Let me repeat what I said

There's more fish in the creek  
More bars on this street  
More blue eyes to meet  
So, go on, girl, go on  
You're wasting your time  
Wanting what's mine  
He's true as the blue in this neon tonight  
So, you ain't gonna get too far  
Being a girl after my own heart

Woman to woman  
Yeah, you're rockin' that dress, girl  
But woman to woman  
Let me repeat what I said

There's more fish in the creek  
More bars on this street  
More blue eyes to meet  
So, go on, girl, go on  
You're wasting your time  
Wanting what's mine  
He's true as the blue in this neon tonight  
So, you ain't gonna get too far
