

# Mood Ring

Maddie & Tae

You go dark when it's sunny  
You light up like summer when it rains  
You don't laugh when it's funny  
And just when I call it you change  
Yeah, you're sweet as honey  
Right after you throw a big fit  
I like to keep the vibe lovely  
But you ruin it so I quit

Boy, you're just a mood ring  
Always in a mood swing  
Can't make up your mind about a damn thing  
Emotions go from yellow, red to purple  
Got me drivin' 'round in circles with your highs and lows  
The way you hold me tight then let me go  
I tried wearin' it, but now I know  
1993, it ain't my kinda bling  
Boy, you're just a mood ring

Don't need a rock on my finger  
Just somethin' that won't turn it green  
I don't need a jaw dropping ringer  
I'm just lookin' for a steady thing

Boy, you're just a mood ring  
Always in a mood swing  
Can't make up your mind about a damn thing  
Emotions go from yellow, red to purple  
Got me drivin' 'round in circles with your highs and lows  
The way you hold me tight then let me go  
I tried wearin' it, but now I know  
1993, it ain't my kinda bling  
Boy, you're just a mood ring

I kinda wish I kept my receipt  
'Cause wishy-washy just ain't my speed  
The way you switch on me like that  
It makes me want my money back

Boy, you're just a mood ring  
Always in a mood swing  
Ya can't make up your mind about a damn thing  
Emotions go from yellow, red to purple  
Got me drivin' 'round in circles with your highs and lows  
The way you hold me tight then let me go  
Oh, I tried wearin' it, but now I know  
1993, it ain't my kinda bling  
Boy, you're just a mood ring

Oh boy, you're just a mood ring
