

Tourist in This Town

Maddie & Tae

I had to find myself a new coffee shop
I had to find another Friday night spot
'Cause if I see somebody I'd have to talk
And I got nothing to say, nothing to say
It's not like I forgot places we went
But now the monument's still what I thought it meant
So I've been starting over ever since
We went our separate ways

Now I'm a tourist in this town
So where do I go from here?
Tourist in this town
A broken heart for a souvenir

Looking in windows I don't recognize
Like I ain't been living here for my whole life
Walking the tears away, wasting the night
Nothing better to do 'cause it all looks like you

I'm a tourist in this town
So where do I go from here?
A tourist in this town
A broken heart for a souvenir
Once was found but now I'm lost
Don't even know the name
Of that street I crossed
I'm a tourist in this town
So where do I go from here?

You turn my home into a city on a map
I'm okay alone but the thing that makes me mad
Is I feel like a stranger
Like the only thing I am

Is a tourist in this town
So where do I go from here?
A tourist in this town
A broken heart for a souvenir
Once was found but now I'm lost
Don't even know the name
Of that street I crossed
I'm a tourist in this town
So where do I go from here?
A broken heart for a souvenir
So where do I go from here?
