

# We Need Christmas

Maddie & Tae

Lights that twinkle red and green  
Charlie Brown on the TV screen  
Hugs from friends and family  
That's what we need right now  
Buttons on a winter coat  
Truck tires down a snowy road  
That's the sound of coming home  
That's what we need to right now  
This world could use a little healing  
Our hearts could surely use something to believe in

We need Christmas now more than ever  
Bring us together  
We need Christmas come on December  
Help us remember  
The joy, the peace and the hope that love can bring  
Oh we need Christmas

Carols in the living room  
Like Grandma always loves to do  
Grandpa reads from the book of Luke  
That's what it all about  
Red Salvation Army can  
Reaching out a helping hand  
Looking after your fellow man  
That's what it's all about

We need Christmas now more than ever  
Bring us together  
We need Christmas come on December  
Help us remember  
The joy, the peace and the hope that love can bring  
Oh we need Christmas  
We need Christmas  
We need Christmas

This world could use a little healing  
Our hearts could surely use something to believe in

We need Christmas now more than ever  
Bring us together  
We need Christmas come on December  
Help us remember  
We need Christmas now more than ever  
Bring us together  
We need Christmas come on December  
Help us remember

The joy, the peace and the hope that love can bring  
And the bells hear 'em ring  
Let all the angels sing  
Oh we need Christmas  
We need Christmas
