MadeinTYO

Uhh, Passport stamped, let's do the money dance  
Back then, call your friend, now we in France  
International man, tats on my hand  
Take a trip with a pilot, I'll tell you where we land  
You know I'm down with The Whales, I be by the sand  
Smoking on something, yeah it's blowing in the wind  
Whatcha doing, we Kung Fu-ing, I beat it up  
Never heard me on the beat when it's speeded up  
A hunned racks on the plate, you going to eat is up  
Yeah I'm all in, like all night  
Throw the racks up, make it fall right  
And if you take a shot, make sure you hold the ball right  
1-800 yeah bad bitches my type, my type, that's my type  
I love the way she put it all on me  
The best things don't come from free

A Hunned Racks she should be dancing  
A Hunned Racks she should take chances  
A Hunned Racks she's in this whip  
A Hunned Racks she freaking all night  
All night, all night, all night

You can tell when it's Tokyo, it's all heat  
Don't ride in the back, jump in the front seat  
By the end of the night she going love me  
She don't even know me, she want to hug me  
It's a vision baby, I'm moving cozy  
Most silent in the game, they can't fault me  
How you do it, it's so fluid, let's get to it  
If you want something, gotta commit to it  
This is something to jam to, it's hip to it  
I can show you how to do it, take you right to it  
Made in Whales in this bitch, gotta twist to it  
This ain't Big Sean but I'm making GOOD music  
How you keep rhyming, I'm used to it  
You should be to, I like it see-through  
And if we dancing on the floor, Imma need you  
And if we dancing on the floor, Imma need you

A Hunned Racks she should be dancing  
A Hunned Racks she should take chances  
A Hunned Racks she's in this whip  
A Hunned Racks she freaking all night  
All night, all night, all night

A Hunned Racks she should be dancing  
A Hunned Racks she should take chances  
A Hunned Racks she's in this whip
