All my life, you're not there, there (I don't think she is)
All my life, you're not there, there (Yea, yea)
Thereee, there, there (I don't think she is)
Thereee, there, there (Skrr)

Uh, we running late she fix her plate we on our way
She the type to get the job to see her face
Brown skin just like mine I want a taste
I was picking out my outfit than a race
If you love me better show me don't be late
She never thought that I would ever be this great
Took her out in public I ain't never been a fake
Always in the studio grinding up late

All my life, you're not there, there (I don't think she is)
All my life, you're not there, there (Yea, yea)
Thereee, there, there (I don't think she is)
Thereee, there, there (Skrr)

Uh, I ain't trippin'
Where you going, if I pick the place it's different
Overseas back in, it's consistent
2 Chainz, better really mind your bussiness
She don't want love, she looking for forgiveness
For dealing with them lames I'm a witness
They really don't get it
Traveling the world counting up the digits
There go my girl yea always been a meance

All my life, you're not there, there (I don't think she is)
All my life, you're not there, there (Yea, yea)
Thereee, there, there (I don't think she is)
Thereee, there, there (Skrr)
