Uh  
Check it

I need help 'cause I don't understand  
I gotta explain to my son You had different plans  
I worked on patience, no clubbin', be a better man  
I get judged when I walk in, tats on my hand  
When I wake up, I think about my son  
Sometimes, I ain't get no sleep, I'm up before the sun  
When you go to sleep, I come to your room and pray for you  
I spend more time than money, wanna stay with you  
I got studio, but I wanna play with you  
Care about the fame, I'm already great to you  
And when I'm on tour, wish that I could lay with you

Every, every day, I pray, yeah, oh  
That He guide your steps, not today, but every day  
And on this journey that we pave, oh  
Said, we all need somebody, but I'm here for you in every way

Nothin' better than you, nothin' better than True  
Always changin' my plans, but I always come through  
Hope she in the mood, I hope she made me some food  
I'm the king in the room, I got my queen in the room  
If I bought some land, then I really got room  
Nah, look, lay down with her, here's somethin' to think about  
Do you love her so much that you won't pull out?  
And if you break her heart, you promise, pull them tools out  
Dealin' with old problems in a brand new house  
Let me call your phone, ask you what you thinkin' 'bout  
'Cause it ain't us and it ain't trust  
Can't be true, couldn't believe you  
Had to leave you, did it with ease too

Every, every day, I pray, yeah, oh  
That He guide your steps, not today, but every day  
And on this journey that we pave, oh  
Said, we all need somebody, but I'm here for you in every way

Too grown for the games, feelings, I'm see-through  
I think every son really need they mom too  
Don't ever let 'em break your heart, they won't shake you  
It's funny how they love you and now they hate you  
And if you got a kid, somethin' you can relate to  
You couldn't hear the lyrics if your mommy make you  
Just know that you blessed wherever road take you  
Just know when you in the game, they try to play you  
Don't take it personal, I promise it delay you  
Just keep goin', I promise you on your way, fool

Every, every day, I pray, yeah, oh  
That He guide your steps, not today, but every day  
And on this journey that we pave, oh  
Said, we all need somebody, but I'm here for you in every way

Like every day  
What who gon' say

And where they stay, huh  
And where they lay  
Said, we all need somebody, but I'm here for you in every way  
Like every day  
What and who gon' say  
And where they stay, huh  
And where they lay  
Yeah  
When you were born, I knew  
You were different and more better than me, yeah  
Just wait, just wait and see
