Anyone that'll try
Yeah nigga you lame
Nigga, yeah, don't try

Tear it down, tear it down
Tear it down, tear it down
We just hit London and tear it down
I fall in the pussy and tear it down
We hit 1Oak then we tear it down
Tear it down
Tear it down, tear it down
Fall in the pussy and tear it down

Fall in the pussy and tear it down
We should hit London and tear it down
Fast cars, know you hear the sound
I get money and tear it down
I do the Gucci with karats now
I do the Gucci with karats now
I get money and tear it down
I get money and tear it down
Diamonds on my necklace
Bitch I'm livin' reckless
Fuckin' up the budget
Fashion hoes, they love it
I be in my bag
Dab on these dads
Louis on the tag
Forgot to hit you back
Maison with the Raf
Jason with the mask
Oh my God she love me
Baggin' up the puppy

Bitch you know you love me
Coogi with the rugby
Bitch I'm in my swag
Ice out the bag

Tear it down, tear it down
Tear it down, tear it down
We just hit London and tear it down
I fall in the pussy and tear it down
We hit 1Oak then we tear it down
Tear it down
Tear it down, tear it down
Fall in the pussy and tear it down

Fall in the pussy and tear it down
Tear it down, tear it down
Tear it down, tear it down
We just hit London and tear it down
I fall in the pussy and tear it down
We hit 1Oak then we tear it down
Tear it down
Tear it down, tear it down
Fall in the pussy and tear it down
