Couple meetings in the morning
Hundred on the dash, I was soaring
I'm a better man
All this money that was pouring
Blowin' up my phone while I'm recording
For 24 she wanted Tokyo
I wanna see how low she'll go, she'll go, she'll go
I wanna see how low she'll go
You don't got to take it there
I was always going to make it fair
This a new fit if I get in the picture
Told her bout' drinking and mixing the liqour
Bitch get mad I don't buy her shit
Can't stay in this high end wind
Told her with me, be alert (Alert)
I'm popping it, it come out the sert
On my way, checking my bags, it's heavy, it feel like a tank
