

## On a Sunday Afternoon

Madeleine Peyroux

Nobody's causing any trouble  
Nobody's trying to pick a fight  
We're all just soaking up this Sunday summer sun  
Feeling glad to be alive

Ain't gonna worry bout tomorrow  
And even less about today  
We're gonna watch the light go down on the horizon  
Let ev'ry moment slip away

Jesse tore up his apartment  
Just why he wouldn't say  
Now he sits there in his bedroom and he won't come out to play

Oh, yeah  
It's a Sunday Afternoon  
Got Cap'n Crunch and Reefer and old cartoons  
When I get up tomorrow  
It'll be too soon  
We're lazing on a Sunday afternoon

The daily news keeps getting stranger  
But medical Mary keeps me cool  
They all used to say I'd be a failure but I'm breezin'  
Although I know sometimes  
I get a bit confused

Everybody needs a purpose  
Some kind of driving force in life  
I ain't gonna have the admiration of the world but I'm already  
famous in my mind

Martha hitched from San Francisco back to her parents' by the B  
ay  
She's doin' mandalas and boxing at least that's what the doctor  
s say

Oh yeah  
It's a Sunday afternoon  
Got Cap'n Crunch and Reefer and old cartoons  
If the aliens are comin'  
Hope they come soon  
We're lazing on a Sunday afternoon
