

Shout Sister Shout

Madeleine Peyroux

(Shout sister shout)
Hallelujah
(Shout sister shout)
Oh yah
(Shout sister shout)
Oh yah
(Tell the whole world what its all about)

Now there's a reason for living
A reason for dying
A darn good reason
Why a woman starts crying
A reason for a mole
A reason for a dimple
There ain't a reason why a man so simple

(Shout sister shout)
Mmm yah hallelujah
(Shout sister shout)
Mmm yah hallelujah
(Shout sister shout)
Mmhmm yeah
(Shout sister shout)
(Tell the whole world what its all about)

Honey there's a way to be brilliant
And a way to be a fool
A way to get to heaven
Observe the golden rule
A way to get a sweetheart
And a way to get a wife
And the day you quit me baby
That's the day you lose your life

(Shout sister shout)
Hallelujah
(Shout sister shout)
Mmm hallelujah
(Shout sister shout)
Oh yeah
(Tell the whole world what it's all about)

There's a reason for a mountain
And a reason for a hill
A reason that the doctor gives a patient a pill
A reason to dance
And a reason to sing
Ain't no reason that a band can't swing

Mmm yah

I understand the birds
And you understand the bees
We all understand why a rat eats cheese
I understand my dog
You understand your cats
Fill me full of rhythm

You understand that

(Shout sister shout)

Hallelujah

(Shout sister shout)

Hallelujah

(Shout sister shout)

Mnhmm hallelujah

(Tell the whole world what it's all about)

You know I'm gonna shout

(Shout sister)

Going to shout

(Shout sister)

I'm going to shout it out

And tell the world what it's all about
