

# Superhero

Madeleine Peyroux

If I were a superhero  
I'd know what to do  
Wrap you up in moonlight  
Stop the world for you  
If I were a superhero  
I would save the day  
If you had a sorry  
Tell our troubles melt away

But here we are  
Here we are  
A million miles from where they care  
Who we are  
Wishing stars everywhere  
And I am only human

And if I were a superhero  
I wouldn't have to wait  
I'd throw away my amulet  
And cash in a bouquet  
I'd have the time to learn to leap  
Before I look  
I'd be the happy ending  
To your favorite story book  
And could it be you  
Who'd rescue me  
With love

Here we are  
Here we are  
A million miles from where they care  
Who we are  
Wishing stars everywhere  
And I am only human
