

# Another You

Madeline Juno

"You kiss like every time was the last time"  
Was all you said and I replied  
"Don't get me wrong, but you never know  
And I'm of the cautious kind"  
See, I turned my back and you were gone  
You packed your one bag and left me alone  
I heard you moved on and you date the girl from work  
I should care less

I know I'm stuck in the past and now  
You keep moving fast and though  
I pretended to  
I'm not over you

I'm not over you  
I'm not over you  
And when my lovesickness is through  
I'm gonna find another you

And I was a fool  
And I was blind  
I lost my smile and my mind on the line  
It was my heart on the line  
So I was kind of like nothing to you, am I right?  
And most nights I wish we'd never met  
And I was in regret and denial and I apologize  
I'd move on if I could

And I know I'm stuck in the past and now  
You keep moving fast and though  
I pretended to  
I'm not over you

I'm not over you  
I'm not over you  
And when my loneliness is through  
I'm gonna find another you

You shouldn't play with hearts and didn't your daddy teach you?  
Don't say words you don't mean I hold on to them  
I can't forget them  
And I wonder when, karma strikes you'll buy

And I know I'm stuck in the past and now  
You keep moving fast and though  
I pretended to  
I'm not over you

And I know I'm stuck in the past and now  
You keep moving fast and though  
I pretended to  
I'm not over you

I'm not over you  
I'm not over you  
And when my loneliness is through  
I'm gonna find another you
