

A light from dark  
In a land by the sea  
Came from the sky  
You'll be named after me

But you'll be made of passion  
Out of love  
Keep us alive up above  
And I won't make a plan for who you'll be  
You'll be named after me

You can be someone  
I could never have been  
When I'm said and done  
You'll be there after me

But you'll be made of passion  
Out of love  
Keep us alive up above  
And I won't make a plan for who you'll be  
You'll be named after me
