

# Ashes

Madi Diaz

Don't  
Don't you let me down  
Fall  
Fall to the battleground  
No, I won't stand to keep watching you stay  
Go, soon the sun will be turning away

Leave  
Leave me no promises  
Wave  
From the walls as they're caving in  
No, I won't stand to keep watching you stay  
Ooh go, soon the sun will be turning away

Run through the arrows  
Let the reins fall behind you  
Race to the shadows  
Hold your breath till your heart blooms  
Ashes to ashes  
Lighting up all around you  
Ooh

Feel the weight of your hand in mine  
What's left if we're only stealing time  
No, I won't stand to keep watching you stay  
Ooh go, soon the sun will be turning away

Run through the arrows  
Let the reins fall behind you  
Race to the shadows  
Hold your breath till your heart blooms  
Ashes to ashes  
Lighting up all around you

Fly fading past the bend  
I wait just to watch it go  
Throw the ash into the wind  
Sun sinking like a stone  
Sun sinking like a stone
