

Mess

Madi Diaz

Every night you stay with me
You stay with me
I let you inside
So you can lie and cheat
Oh you're always gonna lie and cheat

I don't mind I like the way
You never leave
You draw the shades
So you can lie and cheat
Oh you're always gonna lie and cheat

Then you're gone and I'm alone
And time is going on and on

You're gone
I'm drinking cause I lost my keys
I'm broke locked out of my house
Can you please stop calling my phone and playing with me
Now you're trying to come back and mess with me
Oh no, trying to come on back and mess with me

I've been sitting around all day
I never pick a different place
You know just where to look
I'm as easy as an open book

I stay right where you left me
Don't go wandering
Cause you like me that way
You like me that way
Don't lie you like me that way

Then you're gone and I'm alone
And time is going on and on

You're gone
I'm drinking cause I lost my keys
I'm broke locked out of my house
Can you please stop calling my phone and playing with me
Now you're trying to come back and mess with me
Oh no, trying to come on back and mess with me

I like it better when you go oh
When you go oh
When you go oh
When you
I like it better when you go oh
When you go oh
When you go oh
When you go oh

Then you're gone and I'm alone
And time is going on and on

You're gone
I'm drinking cause I lost my keys

I'm broke locked out of my house
Can you please stop calling my phone and playing with me
Now you're trying to come back and mess with me
Oh no, trying to come on back and mess with me

Gone
I'm drinking cause I lost my keys
I'm broke locked out of my house
Can you please stop calling my phone and playing with me
Now you're trying to come back and mess with me
Oh no, trying to come on back and mess with me

Now you're trying to come back and mess with me
Oh no, trying to come on back and mess with me
