

# Rage

Madi Diaz

Live and let go, I have tried  
Predictable, every time  
And at this point I just take the ride  
And hang on

I wanna rage to erase everything  
And I'm not afraid

Forgive and forget  
Fuck you fuck that  
Pathological lies  
Does it make sense?  
Doesn't make sense

I wanna rage to erase everything  
And I'm not afraid  
I'm not done making mistakes  
It's not a phase  
I'm gonna rage
