

Resentment

Madi Diaz

I feel loved on and I feel used
Nobody makes me feel the way you do
And sometimes I just can't stand it
Isn't that just the thing about us
I'm still thinking you could be the one
But you're always you're always
You're always taking me for granted

I got something I gotta get off of my chest
I've been staying up while you're sleeping in my bed

I don't hate you babe it's worse than that
Cause you hurt me and I don't react
I've been building up this thing for months
Resentment

You say you know me like you know yourself
But there's a part of you that you can't help
And you say you can't do it, just do it
Just do it for my sake
It's a shame knowing we could be good
That you could treat me better if you really wanted to
And if you can't do it for my sake, do it for our sake

I don't hate you babe it's worse than that
Cause you hurt me and I don't react
I've been building up this thing for months
Resentment

Oh I don't know how to leave or how to stay
So I've been talking to strangers
Cause I can't talk to you anymore that way
Did I let you down cause you let me down
But you would never say that you let me down
But you let me down, and you let me down

I don't hate you babe it's worse than that
Cause you hurt me and I'm more than sad
I've been building up this thing for months
