

White Lightning

Madi Diaz

You make me shake
I drink you slow, slow
Spin me around
When we're alone

You kiss till you cut
You love like a dagger
Deepen the rush
When you move in closer

I don't know why
But I'm breaking, pouring
All of my heart out
Chasing my heartache
Wasting, wondering
Into the dark
So I don't have to face it

I make mistakes
I'm crawling low down
Only speaking words
They just keep falling out

You kiss till you cut
You love like a dagger
Deepen the rush
When you move in closer

I don't know why
But I'm breaking, pouring
All of my heart out
Chasing my heartache
Wasting, wondering
Into the dark
So I don't have to face it
Breaking, pouring
All of my heart out
Chasing my heartache
Wasting, wondering

I don't know why
But I'm breaking, pouring
All of my heart out
Chasing my heartache
Wasting, wondering
Into the dark
So I don't have to face it
