

You know that there's not much left to say now
Cause the cats and the word and the jury are all out

A shovel in hand, but you'll never admit it
Dug your own grave
Made your bed, now lay in it

Baby read my lips
You know what you did
Let the countdown begin

At 3 we're reaching a mass that's critical
Was supposed to be the 2 of us
And that's just principle
You broke my heart
And I've only got 1 of those
You wanted all my love
Now you get zero

3's a crowd
Count me out, call me cynical
You 2-timed me
And that's unforgivable
You broke my heart
And I've only got 1 of those
You wanted all my love
Now you get zero

Oh ohhhhhhhh
3, 2, 1 now you get zero
Oh ohhhhhhhh
3, 2, 1 zero

All of your lies look good in the gaslight
But the truth and the proof and the karma's on my side

I'm finding it fitting, you're playing the victim
So cry me a river and drown yourself in it
Cause you're the one who did this
Struck the match and lit it
Now it's about to blow

3, 2, 1 GO

At 3 we're reaching a mass that's critical
Was supposed to be the 2 of us
And that's just principle
You broke my heart
And I've only got 1 of those
You wanted all my love
Now you get zero

3's a crowd
Count me out, call me cynical
You 2-timed me
And that's unforgivable
You broke my heart

And I've only got 1 of those
You wanted all my love
Now you get zero

Nah nah nah nah nah nah
Revenge sweet, but you know what's sweeter?
Nah nah nah nah nah nah
Yeah, getting the last word

At 3 we're reaching a mass that's critical
Was supposed to be the 2 of us
And that's just principle
You broke my heart
And I've only got 1 of those
You wanted all my love
Now you get zero

3's a crowd
Count me out, call me cynical
You 2-timed me
And that's unforgivable
You broke my heart
And I've only got 1 of those
You wanted all my love
Now you get zero

3, 2, 1 now you get zero
3, 2, 1 zero
