

Can't Stop

Madilyn Bailey

I guess this is what it's suppose to feel like
No we don't talk, no we don't talk
We don't talk anymore
I guess this is what it's suppose to sound like
The universe, the universe
The universe is torn

I don't want to live without you
I can live without you half the day, heey, hey
I don't want to live without you
And put life off for another day
Hey-hey yeah hey-hey yeeeeah

But I can't stop
Thinking about, thinking about us
Anymore ooh oh
I said I can't stop
Thinking about, thinking about us
Anymore ooh oh
I said I can't stop, no
Thinking about, thinking about this
Anymore ooh oh
And all I've got uhh
Is nothing I want
Anymore oh oh

No I never get used to silence
But I don't hear, no I don't hear
I don't hear you anymore
I know I had to look hard to find it,
Everything, everything
Everything is gone

I don't want to live without you
And put life off for another day
hey-hey yeah hey-hey yeeeeah

But I can't stop
Thinking about, thinking about us
Anymore ooh oh
I said I can't stop
Thinking about, thinking about us
Anymore ooh oh
I said I can't stop, no
Thinking about, thinking about this
Anymore ooh oh
And all I've got uhh
Is nothing I want
Anymore oh oh

I can see stars, I can see lights
And I swear, they're shining here
I can see stars, I can see lights...
Shining here.

But I can't stop
Thinking about, thinking about us

Anymore ooh oh
I said I can't stop
Thinking about, thinking about us
Anymore ooh oh
I said I can't stop, no
Thinking about, thinking about this
Anymore ooh oh
And all I've got uhh
Is nothing I want
Anymore oh oh

Uuuh, uuuh, uuuh, uuuh
