

## Wisconsin

Madilyn Bailey

Oh, Wisconsin, how've you been?  
Tell me, how's our hometown team  
Did they ever win?  
Oh, Wisconsin, do you ever think about me?  
Am I just another girl who came and went?

Oh, Wisconsin, I'm doing great  
The traffic's pretty bad  
But I still love it in LA  
Oh, Wisconsin, I bet they say I've changed  
But you and I both know I'm still the same

Oh, Wisconsin, what's new?  
Are you still at church by 8AM  
And in the bar by noon?  
Oh, Wisconsin, I've heard you're movin' on  
And yeah, that's fair, I guess that I am too

Oh, Wisconsin, it's been a minute  
All my friends are having kids  
And their kids are having kids  
Oh, Wisconsin, do you ever wonder if  
I did the right thing, I hope I did

Oh, Wisconsin, don't be sad  
I'm just a few states over  
At Christmas I'll be back  
Oh, Wisconsin, it's really not so bad  
I promise that I'll call you when I can  
I promise that I'll call you when I can

It's eight million, three hundred thousand steps or more  
From my doorstep to yours  
I counted them last night to be sure  
I've come too far now  
To turn around

Oh, Wisconsin, how've you been?  
Tell me, how's our hometown team  
Did they ever win?  
Oh, Wisconsin, do you ever think about me?  
Am I just another girl who came and went?

Oh, Wisconsin, my old friend  
I didn't forget about you  
Do you remember when  
I was thirteen, I'd stay up 'til 3AM  
Singing to no one, you were listening  
Oh, Wisconsin, you were always listening
